

Engineered for Safety

Pentalift Flex LED Dock Light

The ideal solution for loading dock and task lighting applications. The flex industrial LED light features a rugged, flexible stainless steel arm with a steel elbow for simplified positioning and durability. The polycarbonate light head remains cool to the touch. Available with LED module or threaded socket that accepts LED, incandescent or halogen bulbs up to 150 watts.

Pentalift Flex LED Dock Light Design Features

- Flexible 27" arm with steel elbow easily bends around most dock door tracks and simplifies positioning
- UL Certified as a portable luminary for use in the United States and Canada
- 5-Year Warranty on DLGN-L1 modules
- All Steel Housing Includes:
 - 1) Conveniently placed on/off switch
 - 2) 6-ft. power cord with strain relief & NEMA 5-15 plug
 - 3) 4 key slots for easy mounting
 - 4) EMT knockout on back of housing for hardwire mounting
 - 5) Corrosion resistant mounting box with powder coated cover
